OSHAWA

**A City of Which Every
Canadian Should
be Proud**

During the past few years Oshawa has forged to the front as one of Canada's leading industrial centres. Millions of dollars have been invested in the plants and equipment of local industries which employ over 5,000 people, and have an annual pay roll of \$6,222,000.

POPULATION 20,000

In 1904 the population of Oshawa was 4,000. In 1921 the Dominion census showed a population of 12,361. The assessor's figures for the year 1925 indicated a population of 16,941, in addition to which there is an urban population surrounding the city proper which would bring the total up to about 20,000.

STREETS AND SIDEWALKS

Oshawa has twenty-two miles of first class pavement which cost \$1,325,000, and sixty-five miles of permanent concrete sidewalks which cost \$250,000.

WATERWORKS AND SEWERS

In 1904 after much speculation as to the future of the then small town, Oshawa decided to invest in sewers and waterworks a total sum of \$150,000. Subsequent rapid growth has now made necessary an investment of over \$1,000,000 in waterworks and above \$1,275,000 in sewers. The city now has thirty-nine miles of permanent cast iron water mains, and forty-seven miles of sewers.

FINE SCHOOLS

Due to recent large investments in school buildings to accommodate the city's 4,000 children of school age, perhaps no city in the Province has finer school buildings than Oshawa. This city has seven public schools and one high school. There is a well equipped separate school and two colleges. The total investment in school buildings and equipment is about \$1,500,000.

PARKS AND PLAYGROUNDS

Oshawa has three of the finest parks to be found anywhere. Lakeview Park of sixty-five acres is a beautiful picnic and recreation spot located on the shore of Lake Ontario. Alexandra Park is beautifully situated on the hill at the north end of the city, and has a magnificent race track, sports area and grandstand. In the centre of the city is the new Central Memorial Park in which is located a magnificent War Memorial—one of the finest in Canada—costing over \$27,000, which amount was subscribed voluntarily by the people of Oshawa. In addition to the parks mentioned there are a number of smaller parks and playgrounds under the supervision of the City Parks Commission.

A CITY OF HOMES

Eighty per cent. of the people of Oshawa own their own homes. The city has 4,200 homes, many of them brick. Nearly all are one family homes. There are no "slums."

RAILWAY FACILITIES

In addition to being located on the main lines between Toronto and Montreal of the Canadian National Railways and the Canadian Pacific Railway, Oshawa is particularly well served in the matter of shipping facilities by the Oshawa Railway, which is electrically operated and places cars on private sidings at every plant and warehouse in the city. This railway has in constant service five electric locomotives of the largest and most modern type. An average of 200 freight cars are handled inbound and outbound every day. The company also operates a local street car service. The Oshawa motor industry alone contributes about \$10,000 per day to Canadian railways for freight and express charges. In conjunction with other industrial plants located in Oshawa, a total of \$15,000 a day goes to the railway companies. This makes an enormous total of \$4,500,000 a year.

YES, THANK-YOU, we are keeping busy doing GOOD PRINTING, and are not yet reduced to the extremity of slandering a competitor to destroy his business (if possible). OUR PRINTING IS IN DEMAND BECAUSE OF SUPERIOR WORKMANSHIP. It has been said that our work is "the best between Toronto and Montreal." We take pleasure in doing a nice job, and our equipment is adapted to doing the finest work. If you feel that your printing should be done better than it has been, bring it to us. WE THANK OUR LOYAL FRIENDS FOR THEIR PATRONAGE. WALTER H. WIGG, Producer of Superior Commercial Printing, 61 King St. West, Oshawa, Ont. Phone 86.

The Greatest Values in Automobile History

IN its present line of cars, GENERAL MOTORS believes it offers the most outstanding values in automobile history. Value implies quality as well as price—and *quality* is the first law of GENERAL MOTORS.

Wherever the existing standards of motor car quality can be raised, the resources of General Motors are employed in raising them. The engineers who design and perfect GENERAL MOTORS cars spare no expense where better results are to be obtained.

The lower prices of GENERAL MOTORS cars are not coincident with any lowering of quality—They are the result of manufacturing and purchasing economies made possible by the vast extent of GENERAL MOTORS' activities, and passed on to the purchasers of the automobiles.

A Car for Every Purse and Purpose

*Backed by an International
System of Service*

General Motors presents a complete range of quality automobiles—Chevrolet, Pontiac, Oldsmobile, Oakland, McLaughlin-Buick, Cadillac—and the well-known line of G.M.C. trucks. For every transportation requirement—in every classification of price—there is a General Motors car of exactly the right type. Every car in the entire General Motors line reflects the high standard of quality which results from the vast Research Department and Proving Grounds of General Motors.

And back of the stability of the cars themselves, stands the world-wide service organization of General Motors—a system international in its scope, yet painstakingly attentive to the needs of the individual car owner.

OUR PRINTING IS IN DEMAND BECAUSE OF SUPERIOR WORKMANSHIP. It has been said that our work is "the best between Toronto and Montreal." We take pleasure in doing a nice job, and our equipment is adapted to doing the finest work. If you feel that your printing should be done better than it has been, bring it to us. **BOOK
ON LAWNS
AND
GREENS**

Free to green keepers and others who desire the latest information on the building of a new Club Green or renovating an old lawn.

We quote Special Prices to Clubs, Institutions, Parks and others who require seed in large quantities.

LAWNS AND GREENS

It is most important that the lawn should be sown with a mixture of grass seeds especially adapted for the purpose required. A mixture suitable for a Park or Golf Course would be quite unfit for a private lawn, Bowling or Putting green. All the finest grasses that are most suitable for the formation of a lawn when grown for seed, produce very much less weight of seed per acre than do the coarser growing varieties, consequently the cheaper the mixture the coarser the turf. We maintain that the finest dwarf growing grasses are the most economical even for large areas, as the turf formed by the dwarf compact habit of the finest grasses requires to be mown only about half as many times as a turf formed of coarser growing varieties.

YES, THANK-YOU, we are keeping busy doing GOOD PRINTING, and are not yet reduced to the extremity of slandering a competitor to destroy his business (if possible). OUR PRINTING IS IN DEMAND BECAUSE OF SUPERIOR WORKMANSHIP. It has been said that our work is "the best between Toronto and Montreal." We take pleasure in doing a nice job, and our equipment is adapted to doing the finest work. If you feel that your printing should be done better than it has been, bring it to us. WE THANK OUR LOYAL FRIENDS FOR THEIR PATRONAGE. WALTER H. WIGG, Producer of Superior Commercial Printing, 61 King St. West, Oshawa, Ont. Phone 86.
